

# Delta Adaptation Survey

---

## Start of Block: Screen

Thank you for your interest in the Delta climate adaptation survey. We have invited you to participate in this research because you are working on *changes in natural or human systems to better cope, manage, or adjust to current or future expected climate change impacts in the Delta*.

Our main objective is to understand 1) who is involved in climate adaptation, 2) the governance challenges and preferred policy solutions, and 3) how collaboration is happening between adaptation practitioners. Findings will be used to direct future climate adaptation investments and research in climate adaptation in the Delta. Your answers are essential to understand the full range of perspectives in the Delta climate adaptation community.

Completing this survey should take about 20 minutes. You can close out and re-open this link as many times as you need – your answers will be saved automatically until you submit. The survey is voluntary, and all responses will be kept confidential. You can skip any question you prefer not to answer. Under no circumstance will your identity be shared in the resulting data and reports.

If you are participating in this survey on behalf of a non-governmental organization, Tribal entity, or as an individual, you will automatically be entered in a drawing to win a \$30 giftcard. If you do not want to participate but want to be included in the drawing, please email Tara Pozzi at [tbpozzi@ucdavis.edu](mailto:tbpozzi@ucdavis.edu).

This work is supported by the California Sea Grant and Delta Science Program's Delta Science Fellowship grant no. 21045. This research has been approved by the University of California, Davis Institutional Review Board (#2039126-2).

Participant concerns: If you have any questions, concerns, or complaints, please reach out to the lead researcher of the project, Tara Pozzi at [tbpozzi@ucdavis.edu](mailto:tbpozzi@ucdavis.edu). If you have questions about your rights, or complaints as a research subject, please contact the IRB Chairperson at (951) 827-4802 during business hours, or by email at [irb@ucr.edu](mailto:irb@ucr.edu).

---

Which of the following statements would best characterize your involvement in climate adaptation issues in the Delta?

- ☐ No involvement
- ☐ A part of my work, with occasional involvement
- ☐ A part of my work, with routine involvement
- ☐ A major aspect of my work for less than a year
- ☐ A major aspect of my work for 1-5 years
- ☐ A major aspect of my work for more than 5 years

End of Block: Screen

---

Start of Block: Background

Are you employed by an organization(s) to work on climate adaptation issues in the Delta?

- ☐ Yes, I am employed on behalf of one organization
- ☐ Yes, I am employed on behalf of several organizations
- ☐ No, I am involved on my own

-----

Please provide **the formal name that fully identifies the organization (please avoid acronyms)** you work for.

If your organization has multiple divisions/locations/chapters, please list the organization name AND the specific, sub-organization you are affiliated with (e.g., Caltrans Region 4, The Sierra Club Mother Lode Chapter)

☐ Primary Organization Name:

\_\_\_\_\_

---

Start of Block: Primary Organization Background Follow-up Questions

We have a set of questions about your involvement with [Primary Organization Name]. Please choose the category that best describes [Primary Organization Name].

- ☐ Tribal Entity
  - ☐ Community-based Organization
  - ☐ Environmental/Conservation Organization
  - ☐ Service Provider
  - ☐ Federal Government
  - ☐ State Government
  - ☐ Regional Government
  - ☐ Local Government (cities, counties)
  - ☐ Water Infrastructure Special District (such as a reclamation district)
  - ☐ Environmental Special District (such as a resource conservation district)
  - ☐ Services Special district (such as community services district, utility district, port district)
  - ☐ Trade/Business/Industry Group
  - ☐ Education/Consulting/Research
  - ☐ Multi-Stakeholder Group
  - ☐ Multi-Jurisdictional Regulatory/Planning Entity
  - ☐ Political Party
  - ☐ Agricultural Entity
  - ☐ Media
  - ☐ Other: \_\_\_\_\_
-

What tasks do you perform within [Primary Organization Name]? Please check **all** that apply.

- ☐ Executive management (i.e. top management)
  - ☐ Policy advising/analysis
  - ☐ Technical advising/analysis
  - ☐ Planning and design
  - ☐ Scientific research
  - ☐ Government relations
  - ☐ Project or program management
  - ☐ Advocacy
  - ☐ Outreach or communication
  - ☐ Community leadership
  - ☐ Service provision
  - ☐ Prefer not to say
  - ☐ Other (please explain):
-

What sector(s) does your adaptation work fall under? Check **all** that apply.

- ☐ Agriculture
- ☐ Economic development
- ☐ Ecosystem management
- ☐ Energy
- ☐ Environmental justice
- ☐ Public health
- ☐ Emergency management
- ☐ Transportation
- ☐ Community development
- ☐ Water supply
- ☐ Waste and stormwater management
- ☐ Finance
- ☐ Flood management
- ☐ Other: \_\_\_\_\_

End of Block: Primary Organization Background Follow-up Questions

---

Start of Block: Background, cont.

At what scale do you work on climate adaptation issues?

- ☐ State
- ☐ Region
- ☐ County
- ☐ Community
- ☐ Other (please specify): \_\_\_\_\_
- 

Which region(s) do you focus on in the Delta? Check **all** that apply.

- ☐ Region 1
- ☐ Region 2
- ☐ Region 3
- ☐ Region 4
- ☐ Other region (please specify): \_\_\_\_\_
-

Which county(s) do you focus on in the Delta? Check **all** that apply.

☐

Alameda

☐

Contra Costa

☐

Sacramento

☐

San Joaquin

☐

Solano

☐

Yolo

☐

Other county (please specify):

---

Which community(s) do you focus on in the Delta?

---

Which land use context is your climate adaptation work most concerned with? Check **all** that apply.

☐

Rural

☐

Suburban

☐

Urban

☐

Other: 

---

How many years have you been on working Delta climate adaptation issues?

---

(Optional) Additional comments about your background working on climate adaptation in the Delta:

End of Block: Background, cont.

Start of Block: Experiences

Thank you for the background information you provided. This next section asks about your experience with climate impacts in the Delta and preferred policy solutions moving forward.

How **concerned** do you feel about the following environmental changes affecting the Delta over the **next 25 years**? Please select a response for each item.

	Not at all concerned	Somewhat concerned	Moderately concerned	Very concerned	Unsure
Rising <b>sea levels</b>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
More frequent/severe <b>heat waves</b>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
More frequent/severe <b>floods</b>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
More frequent/severe <b>droughts</b>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
More frequent/severe <b>wildfires</b>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
More frequent/severe <b>wildfire smoke</b>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Worsening <b>air quality</b>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Worsening <b>water quality</b>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

How **concerned** do you feel about the following environmental changes affecting the Delta in **2100**? Please select a response for each item.

	Not at all concerned	Somewhat concerned	Moderately concerned	Very concerned	Unsure
Rising <b>sea levels</b>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Worsening <b>water quality</b>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

-----

Climate change will impact Delta infrastructure, natural resources, and communities in different ways. From the list below, please pick **the top three sectors** you are most worried will be negatively impacted by climate change:

- ☐ Transportation infrastructure
- ☐ Energy infrastructure
- ☐ Ecosystem health
- ☐ Shoreline developments
- ☐ Commercial developments
- ☐ Environmental justice communities
- ☐ Economic growth
- ☐ Property values
- ☐ Availability of housing
- ☐ Public health
- ☐ Agricultural industry
- ☐ Flood management
- ☐ Biodiversity
- ☐ Water supply reliability
- ☐ Recreational access
- ☐ Other: \_\_\_\_\_

Page Break

The adaptation planning cycle contains three stages: 1) understanding climate risk and vulnerabilities, 2) planning adaptation efforts to address identified issues, and 3) managing adaptation by implementing, monitoring, and evaluating efforts as necessary. Additionally, outreach and communication play an important role throughout the cycle.

Given this description of the adaptation planning cycle, which of the following describes the type of adaptation work you focus on in the Delta? Check **all** that apply.

### **Understanding**

- ☐ Develop models/data about how the local climate will change
- ☐ Identify how climate change will impact the natural/built environment
- ☐ Participate in adaptation “visioning” exercises (e.g., identifying the goals of climate adaptation)

### **Planning**

- ☐ Develop potential adaptation options
- ☐ Analyze adaptation options’ ability to address climate impacts of concern
- ☐ Select the best adaptation options to implement

### **Managing**

- ☐ Implement chosen adaptation solutions
- ☐ Monitor the effects of different adaptation solutions
- ☐ Analyze and synthesize data to evaluate the adaptation solutions

### **Outreach/Engagement**

- ☐ Engage with groups impacted by adaptation efforts
- ☐ Communicate climate risks and adaptation opportunities

In the past year, which of the following collaborative activities did you engage in with reference to climate adaptation in the Delta? Check **all** that apply.

- ☐ Implementing projects jointly with other organizations
- ☐ Signing a formal agreement with another organization
- ☐ Carrying out research projects jointly with other organizations
- ☐ Carrying out advocacy activities jointly with other organizations
- ☐ Sharing information with other organizations
- ☐ Training personnel from other organizations
- ☐ Publishing reports or other publicly available documents jointly with other organizations
- ☐ Outreach activities regarding new adaptation-related projects jointly with other organizations
- ☐ Engaging in joint planning with other organizations
- ☐ Streamlining permitting applications jointly with other organizations
- ☐ Sharing personnel with other organizations
- ☐ Organizing public meetings jointly with other organizations
- ☐ Preparing grant/funding proposals jointly with other organizations
- ☐ Joining or supporting litigation or other judicial processes
- ☐ Other (please specify):  

---
- ☐ Nothing

In the past year, which of the following have represented the highest barriers for you working collaboratively with other individuals vested in adaptation? Please select up to **three barriers**.

- ☐ Adaptation is not my organization's main focus
- ☐ Lack of agreement about the future extent of climate impacts
- ☐ Limited authority
- ☐ Permitting obstacles
- ☐ Lack of effective collaboration among interested parties
- ☐ Lack of political leadership
- ☐ Lack of public support for climate adaptation
- ☐ Competing visions for adaptation pathways
- ☐ Limited capacity to acquire funding
- ☐ Limited capacity for community engagement
- ☐ Insufficient financial resources
- ☐ Insufficient technical expertise
- ☐ Lack of adequate scientific information
- ☐ Unequal capacity of partners to participate in collaborative planning
- ☐ Other (please specify):

The strategies below are a combination of illustrative strategies being developed as part of the Delta Stewardship Council's Delta Adapts' draft [Adaptation Plan](#) (simplified for survey purposes).

Which adaptation strategies would you like prioritized in the Delta? Please rank each strategy as low, medium, or high priority.

	Low priority	Medium priority	High priority	No opinion
<b>Flood risk reduction strategies</b>				
Develop a climate-informed understanding of Delta flood dynamics	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Strengthen and upgrade Delta levee system	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Strengthen and upgrade Delta levee system	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Restore ecosystems for flood mitigation	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Improve flood emergency preparedness and risk communication	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Manage and expand upstream water storage capacity	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Use adaptive urban planning and farming practices to reduce risk	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Other (please specify):	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
<b>Ecosystem strategies</b>				
Improve capacity of ecosystems to adapt and thrive	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Build capacity and partnerships for ecosystem resilience	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Protect ecosystems by halting and reversing subsidence	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Enhance urban ecosystem health	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Other (please specify):	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
<b>Agricultural strategies</b>				
Support climate-smart farming practices	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Build a sustainable, equitable food system	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Support diversification of income/revenue opportunities on working lands	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Cooperatively identify strategic agriculture land retirement opportunities, where other land uses would be of high value	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Other (please specify):				
<b>Water supply reliability strategies</b>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Reduce reliance on the Delta through conservation and local water supply development (e.g., recycled water, increased storage, desalination)

☐☐☐☐

Increase storage of surface and groundwater supplies north and south of the Delta

☐☐☐☐

Improve or modify Delta water infrastructure

☐☐☐☐

Include climate change in reservoir operation decision-making

☐☐☐☐

Review water quality standards as needed to maintain beneficial uses of water

☐☐☐☐

Other (please specify):

☐☐☐☐

Page Break

Which of the following funding sources should be responsible for additional funding to support climate adaptation in the Delta? Do you think the funding from each source should stay about the same or increase a small, moderate, or large amount?

	No increase/Stay the same	Increase a small amount	Increase a moderate amount	Increase a large amount	No opinion
Federal government	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
State government	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Regional government	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Local government	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Private philanthropy	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Assessment district	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Parcel tax	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Other (please specify):	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

(Optional) Would you like to share additional policy and funding strategies to climate adaptation in the Delta?

Start of Block: Collaborative Initiatives

Climate adaptation issues can be addressed in different kinds of policy forums, planning processes, and initiatives where individuals from different organizations deliberate and make decisions about programs, policies, permits, projects and funding.

In the last two years, did you **regularly participate** (went to as many meetings as possible

and/or frequent communication with other members) in any of these **climate adaptation-related initiatives** in the Delta?

	Yes	No
<b>Regional</b>		
Adapting to Rising Tides	<input type="radio"/>	<input type="radio"/>
Bay Area Climate Adaptation Network (BayCAN)	<input type="radio"/>	<input type="radio"/>

Opportunity to express my opinions at the meetings	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Opportunity to propose issues for discussion	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Adequate representation of my interests	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Opportunity to influence decisions	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Opportunity to influence the opinions of other participants	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Opportunity for early involvement in initiative	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

End of Block: Collaborative Initiatives

Start of Block: Adaptation Directory

One product related to this effort will be a “Delta Adaptation Practitioner Directory”. The Directory will be a one-time PDF document that will be shared among those who respond to this question.

The goal of the Directory is to provide a resource that practitioners can use to find collaborators for grant applications, information sharing, and troubleshooting. The Directory will have the name, sector, land use context, expertise, and contact information of adaptation practitioners in the Delta. *It will not list any information you provided previously in this survey.*

Are you interested in having an organization contact publicly available in the Adaptation Practitioner Directory?

- ☐ Yes
- ☐ No
- ☐ I need more information

---

Page Break

Please provide the following information for the Directory:

- ☐ Organization name (if applicable): \_\_\_\_\_
- ☐ Organization contact: \_\_\_\_\_
- ☐ Sector(s): \_\_\_\_\_
- ☐ Land use context(s) (urban, rural, suburban): \_\_\_\_\_
- ☐ Expertise: \_\_\_\_\_
- ☐ Email: \_\_\_\_\_
